

# Kindergarten Class Website Assignment

**Due Date: Sunday 13/10/2024**

September 29, 2024

## Background

“Sunshine Kindergarten” wants to create a fun and informative webpage for their classroom. The page should engage both parents and young children, providing important information and showcasing student activities.

## Task

Design and develop a single-page website for a kindergarten class.

## Requirements

### 1. HTML Structure (20%)

- Use HTML elements appropriately
- Include a header, navigation, main content areas, and footer

## **2. CSS Styling (30%)**

- Create a colorful, child-friendly design that's also readable for adults
- Ensure the layout is responsive for both mobile and desktop views
- Use Flexbox or CSS Grid for layout
- Implement a color scheme suitable for a kindergarten environment
- Colorful hover effects on navigation items

## **3. Content Sections**

- Welcome message
- Weekly schedule
- Photo gallery of class activities (use placeholder images)
- Parent resources or announcements
- Information about the teacher

## **4. Code Quality**

- Use proper indentation and formatting
- Include basic comments in your code to mark each one of the requirements

## **Deliverables**

1. index.html file
2. styles.css file
3. GitHub repository with all your code (50%)

## Submission

Push your code to a GitHub repository, and submit the repository link on Blackboard.
